Charter Granted in the Circuit Court Yesterday

PURELY BENEVOLENT

To be Located at Corner of Twelfth and Broad Streets,

MOST EMINENT SET OF OFFICERS

A Splendid Location—Architect and Contractor Will Go to Work at Once, so that No Time May Be Lost in Erecting the Building

The incorporators of the new hospital, which is about to be established in Richmond, met at the office of Dr. George Ben Johnston Wednesday and arranged for a temporary organization. The charter was secured yesterday from the Circuit Court of the city of Richmond.

The committee appointed to secure the charter, and select a name for the hospital, made their report, which was unanimously adopted. It was determined that the hospital should be known as the "Charlotte Williams Hospital."

The incorporators who signed the application for the charter are: Robert S. Boshner, George Ben Johnston, William R. Johnston, E. T. D. Myers, John L. Williams, Christopher Tompkins, Fred R. Nolting, John S. Ellett, William M. Hill, and John S. Ellett, Jr.

THE CHARTER.

The provisions of the charter are as follows:

"First. That the said corporation shall have full power and authority to acquire by purchase, lease, devise, gift, endowment, or in any manner whatsoever, real or personal property, and to hold the same for the purposes of the hospital, and to convey, real or personal property, and to erect and equip buildings, or for any purposes which may lawfully carry out under this charter.

"Second. That as the objects of this corporation are purely benevolent, the capital stock of this corporation shall be merely nominal—that is to say, one hundred dollars, and divided into shares of the par value of \$5.

"Third. That the management of the corporation shall be vested in the Board of Directors or trustees, composed of fifteen members, who shall be elected by the shareholders, and who shall have the right to increase their number not exceeding twenty-five, and to fill all vacancies which may occur in said board, as may be prescribed in its by-laws.

"Fourth. That the powers of this corporation shall be exercised by the Board of Directors or trustees, or any committee thereof, in all cases where the by-laws of the corporation do not provide for the exercise of such powers by the Board of Directors or trustees, or any committee thereof, shall be binding on the corporation.

"Fifth. That the powers of this corporation shall be exercised by the Board of Directors or trustees, or any committee thereof, in all cases where the by-laws of the corporation do not provide for the exercise of such powers by the Board of Directors or trustees, or any committee thereof, shall be binding on the corporation.

"Sixth. That the said corporation shall not hold at any one time real estate to any greater value than one million dollars.

"Seventh. That the chief office of this corporation shall be in the city of Richmond.

OFFICERS AND DIRECTORS.

"Eighth. That the officers who for the first year, or until their successors have qualified, shall be: President, Robert S. Boshner; Vice-President, John L. Williams; Secretary, Fred R. Nolting; Treasurer, John S. Ellett, Jr.; and Directors, Robert S. Boshner, George Ben Johnston, William R. Johnston, E. T. D. Myers, John L. Williams, Christopher Tompkins, Fred R. Nolting, John S. Ellett, William M. Hill, and John S. Ellett, Jr.

PERPETUAL CHARTER.

It is the purpose of the organizers of this hospital to secure a perpetual charter, with enlarged powers, from the Legislature, as soon as the same shall be met with the project of this new hospital in all its directions. Mr. John L. Williams gives the hospital an endowment of \$100,000, which will secure its success and place it on a solid foundation. Other large subscriptions have been made by various prominent and influential citizens, whose support and influence will mean much to this new charity. Many others have shown their readiness to still further increase the endowment.

MAGNIFICENT LOCATION.

The hospital building will occupy the southeast corner of Broad and Twelfth streets, having a front on Broad street of 100 feet, and a depth of 135 feet. The location is an ideal one for the hospital. It is centrally located, and looks out upon the beautiful Capitol Square on the West, and the East commands a splendid view of the Valley and of James river. Located as it is upon the summit of a hill, with a wide southern exposure, it will be certain of any breeze that blows at any time during the winter weather.

The hospital building will be thoroughly up-to-date and modern in every respect, and will be an ornament to the city.

Great credit is due Mrs. George Ben Johnston, Christopher Tompkins, and the splendid charity. The idea has been cherished one with those gentlemen, especially with Dr. Johnston, for a long time past, and their hopes are now about to be realized.

Architects and contractors will begin work at once, and it is proposed to begin the erection of the hospital at an early date.

EAST END QUOT CLUB.

The East End Quot Club finished its fourth annual game yesterday at Reche's Grove, and it was a most exciting finish. Captain Jno. H. Frischkorn's side winning out by the small margin of two games out of nearly 25 played during the season. Captain H. C. Hechler's side struggled desperately to capture the championship, and the game continued until nearly dark. The Club unanimously accepted the invitation of Mr. Burnett C. Lewis to entertain the organization, which usually meets during the Christmas, and then reorganizes for next summer's campaign.

Manchester Bureau, Richmond Times, 1112 Hull Street (Beatt's Block).

A meeting of the Board of Fire Commissioners was held last night in the City Hall. All members of the Board were present with the exception of Captain O'Brien, who is out of the city. Mr. Peel was in charge of the meeting. The business before the meeting was the resignation of Mr. Redford from the office of stationman. The resignation was read and accepted. Mr. Redford stated no cause for his action, but it is understood that he does not think the salary is sufficient to maintain him in giving up his position at the shops, where he is making more money.

Applications for the position from the following gentlemen were read: J. W. Farley, J. W. Ayres, Alexander West, W. S. Smith, W. T. Smith, G. W. Gooding, P. E. Gibbs and J. W. Childress. The board then voted on the above names, but no election could be made. The vote was taken twice, but each time with the same result. J. W. Ayres and J. W. Childress were the only two who were not voted for. J. W. Farley and P. E. Gibbs one each. Not being able to elect, the meeting adjourned subject to a call.

INTERESTING TALK.

The programme arranged for the starting of the new central church was carried out yesterday afternoon. A large crowd was present and heard a most interesting and encouraging talk by Mr. J. R. Perdue. He being one of the oldest members of the church, he was well qualified to speak on the subject. He told the members of his church how much more encouraging the prospects are for this new building than they were for the old. Work will be put to work on the foundation.

A HORSE RAN AWAY.

Dr. Merchants' horse disturbed the usual afternoon's quietness yesterday by running over a block through the heart of the city, and scattering a number of the horses and harness hanging to him. When he reached the corner of Fourteenth and Hull streets, his speed was too quick for the turn in good style. The horse struck the sidewalk in front of Landon P. Jones and scattered a number of the horses and harness hanging to him. When he reached the corner of Fourteenth and Hull streets, his speed was too quick for the turn in good style. Some of the most valuable and improved property in Powhatan and Chesterfield counties is to be sold soon. This property belonged to Mr. Wallace C. Andrews, of New York city, whose tragic death has caused a great loss to the county. These beautiful places were all kept in repair and also greatly improved. The land in this section, valued at \$90,000, which is to be sold, in accordance with Mr. Andrews' will, which ordered all his property sold, and the bulk of the money to be used for the erection of a boarding school for young girls, which institution is to be situated some where in the State of Ohio.

POWATHAN CANDIDATE.

A gentleman of Manchester, who was in Powhatan Wednesday, said there was talk in the county among the Republicans of putting Mr. W. M. Woodward, of that county, in the field as a candidate for the House. This is the only rumor of opposition to the Democratic ticket that is doing any business.

Mr. Joseph W. Holt, of Swansboro, was nominated at a meeting of the Manchester and Chesterfield Populists last night, as a candidate for the House. Mr. Holt assisted by Judge Gregory will begin his canvass at once. His campaign will be governed by the resolution adopted by this body last Friday night.

THE LOCAL CIGAR-MAKERS

Not in Sympathy With the Young Men's Business Association.

Mr. James B. Doherty, a member of the Cigar Makers Union No. 23 of this city, is the choice of the Union's Executive Committee to represent the cigar makers before the Young Men's Business Association, which has been organized to represent the cigar makers in the city.

Mr. John Krause, secretary of the local Cigar Makers' Union, said yesterday that at the present time the cigar makers are enjoying unusual prosperity. Of the ten or twelve hundred cigar makers in the city, he says he does not think a hundred are out of employment. All the workmen in Richmond are busy.

Mr. Krause says the box makers are feeling the general prosperity and a manufacturer told him Wednesday he was having difficulty in securing girls to paste labels.

With reference to the attitude of the local Union toward the girl cheroot manufacturers, Mr. Krause said the Union has no dealings with them, that they worked at wages far below the union scale and that the Union paid no attention to them or their troubles with their employers.

Mr. Krause said the Union's attitude toward the girl cheroot manufacturers is a matter of indifference to the Young Men's Business Association for its work in endeavoring to supply what is termed cheap labor.
